

## **Introduction of Digital Culture Heritage Content Projects in Korea**

\*Sanggyun KIM, ANF, Korea

Gihun KIM, KOCCA, Korea

This talk would be introduction of Digital Culture Heritage Content Projects of KOCCA (KOREA CULTURE & CONTENT AGENCY). Through this project, Korea's traditional tangible, intangible cultural heritages are turned into the digital contents. KOCCA assists the development of core technology that will grow the industry and create an environment which will allow the production and distribution of highquality cultural contents.
