Education:
Ph.D. National Taiwan University

Gwo-Dong Chen

Is Professor of the Department of Computer Science and Information Engineering at National Central University and has served as Program Office Director for National Science & Technology for e-Learning since 2004. He received his Ph.D. and M.S. degrees in Electrical Engineering from National Taiwan University. His fields of specialty include computer-assisted learning, and computer science and information engineering. He received “outstanding research award” from National Science Council thrice during 2001-2002 and 2003-2005. The integrated national-level research projects he has been involved during the last five years are “Program for Promoting Academic Excellence of Universities: Learning technology-active social learning and its applications from Taiwan to the world (2000-2003)” and “National Science and Technology Program for e-Learning—Network Science Park for e-Learning (2003-2007).” Professor Chen has published over 30 journal and conference papers during the past three years. Detailed list of papers is available upon request.
