

Re-invigorating the information approach: refurbishing PreK-12 libraries for constructivist learning

Agatha HARRISON-SIT

The presentation focuses on two issues:

1. Exploring the strategies for PreK-12 libraries in re-invigorating the approach to inspire the effective use of information for constructivist learning;
2. Discussing the challenges facing major stakeholders in order to inspire the paradigm shift, to facilitate a diverse information environment and to participate in the re-invigoration process.
