

China Academic Digital Library: Practice and Management

Chen HUANG

Zhejiang University Libraries, China

deside.huang@gmail.com

In the Tenth-Five-Plan, the China Academic Library and Information System (CALIS), which was the important project in the "211 Project" of the ministrant of Education (MOE) in the Ninth-five-Plan, combined with the China American Digital Academic Library (CADAL), have an associative name called the China Academic Digital Library & Information System (CADLIS). The CADLIS have become one of the symbols of the digital library in China after the construction during the Tenth and the Eleventh Five Plan. Today, the CADLIS have submitted its proposal of the Twelfth-Five-Plan to the MOE, which draw out the scenario of the CADLIS' future.

中国高等教育数字图书馆：实践与管理
