

## **E-books - A Practical Guide To Preservation**

Victoria REICH  
Stanford University Libraries  
vreich@stanford.edu

Libraries need to collect and preserve the e-books they buy. Libraries and publishers working with the LOCKSS Program at Stanford University have for 12 years collected and preserved e-journals, electronic thesis and dissertations, special collections and government documents. Based on this experience, this talk will discuss what is the same and what is different about e-book preservation.
