

## Vita

Keh-Jiann Chen obtained a B.S. in mathematics from National Cheng Kung University in 1972. He received a Ph.D. in computer science from the State University of New York at Buffalo in 1981. Since then he joined the Institute of Information Science as an associate research fellow and became a research fellow in 1989. He was the deputy

director of the institute from August 1991 to July 1994.

His research interests include Chinese language processing, lexical semantics, lexical knowledge representation, and corpus linguistics. He had been and continued in developing the research environments for Chinese natural language processing including Chinese lexical databases, corpora, Treebank, lexical analyzer and parsers.

Dr. Chen is one of the founding members of the Association of Computational Linguistic and Chinese Language Processing Society (also known as ROCLING). He had served as 2nd term president of the society from 1991 to 1993. Currently he is the board member of the Chinese Language Computer Society, the advisory board member of the International Journal of Computational Linguistics and Chinese Language Processing, the editor of journal of Computer Processing of Oriental Language.
